## FREQUENTLY ASKED QUESTIONS ABOUT SUMMER SKILLS PROGRAMS

*Due to the uncertainty of the coronavirus situation, this program may be subject to revision or cancellation in order to comply with government requirements regarding social distancing. We will act in the best interest of our members and make safety and health a priority.*

### WHAT HAPPENS IF IT RAINS/STORMS?

If there is no threat of lightning, participants can still swim at the pool. Lunch can be eaten indoors. Tennis will continue on the indoor courts. Golf instruction may be continued inside as well. If lightning occurs at the pool area, participants will continue to be supervised indoors until pickup time at 2:00 p.m.

## WHO WATCHES MY CHILD AT THE POOL?

Summer Camp Program staff will always escort the juniors to all areas during the camp period. Our staff will maintain a maximum of 8:1 (8 juniors to 1 staff). At the pool area, there are also certified pool lifeguards watching your child. Some member parents also choose to sit/lay at the pool watching their kids have a good time with the other children.

## WHAT IF I'M GOING TO BE LATE PICKING UP MY CHILD?

We ask that you please have a contingency plan established for this happening. Please have Jonesboro Country Club members, friends, nannies, babysitters, other family, etc. available to pick your child up on or before the Camp Program ending for the day. Our staff must be notified if someone other than a parent is picking your child up from the Program. If you have a Jonesboro Country Club member friend with children at the pool, you may wish to call them to request they watch your child until you arrive.

## CAN I DROP MY CHILD OFF EARLY?

Yes. Members can drop off their child as early as 8:30 a.m., when the Program supervision begins.
